

You perform Jewish music – and that’s what interests us!

The European Centre for Jewish Music (EZJM) is starting a collection on **Jewish music and concert life in Germany**. For this project, the EZJM will collect documents related to performances, especially short-lived material – so-called ephemera – including, for example, **concert programmes, reviews or posters**.

Are you a member of an **ensemble performing Jewish music**? If so, we would appreciate it if you could send us any material concerning your concerts, either only once or regularly. We will make sure that this material is stored on a long-term basis and it will be made available for research purposes. Please contact us before you send us your material.

If you know any groups dedicated to Jewish music, we would like to ask you to point out to us **ensembles, concert series or concert venues** in which Jewish music is performed. At the next stage, we will contact the musicians or organisers and plan the collection process case by case.

Thank you very much for your help!
